

WELCOME TO ANYTIME FITNESS, COACH!

Personalized coaching that provides the best training, nutrition, and recovery guidance accessible anytime, anywhere, proven to improve our members' health.

HOW TO USE THIS GUIDE:

The following guide walks you through your first 30 days of onboarding at Anytime Fitness. You'll work closely with your facilitator – the person onboarding you – to learn the skills needed to be a high-performing coach at Anytime Fitness. Each day outlines **what** you will learn and **how** you will learn it:

LEARN **ON-THE-JOB** – your facilitator will train you in real time.

ANYTIME ACADEMY – your go-to education hub is filled with courses, learning guides (guides to complement the course), and additional resources.

EXPERIENCE Experience the skill just like a member would! At AF, we work to understand what our members are going through by going through it ourselves. By experiencing an AF Training session, fitness consultation, and membership tour just like a member, you'll get a feel for the operations and build the empathy skills needed to be a great coach.

SHADOW Shadowing includes observing your facilitator conduct the skill. Use the relevant Observation Feedback Form – a guide outlining the operations and people skills for the task – as you observe.

ROLE PLAY Time to put your skills into action with role play! Role play is essential to your growth at AF and helps you practice the skills needed to be a great coach. Role play involves three people:

- **Observer** – individual to watch and provide feedback
- **Member/Prospect** – individual playing the role of member/prospect
- **You** – individual conducting the skill

If you don't have three people, don't let that hold you back. Get creative and flex those role-playing muscles: it might mean you will role-play with one other person or maybe a friend! The goal is to get some reps in and build your skills.

GUIDED PRACTICE It's time to DO the thing. Take what you learned and put it into action. The guided practice involves you leading the session/consultation with a *real member* and your facilitator observing. The facilitator will assist as needed. Afterward, engage in a feedback discussion (found at the bottom of the relevant Observation Feedback Form).

ASSESSMENTS **ONLINE** – completed in the Anytime Academy, the online assessments occur at the end of your first 30 days and cover all the topics you learned about.

IN-PERSON – completed in person with a real member; your facilitator will observe you complete the skill. They will use the Observation Feedback Forms to provide feedback.

Note: Each day averages between 4-6 hours of learning objectives. Some days, you might complete everything in less time; others, it might take longer. The documents are meant to serve as guides, so check with your facilitator about working ahead or bumping some tasks to the next day.

LET'S GET STARTED!

COACH'S GUIDE

AF COACH ONBOARDING CURRICULUM

DAY 1

ESTIMATED TIME TO COMPLETE: 4-6 HOURS

TOPIC	LEARNING OBJECTIVES	HOW
EXPLORE THE CLUB	☐ Tour the space	LEARN: ON-THE-JOB Est. time: 1 hour
LEARN THE BRAND	☐ Understand the AF Brand from a coach's perspective	LEARN: ACADEMY COURSE <i>Welcome to AF, Coach!</i> Est. time: 1 hour
