

WELCOME TO ANYTIME FITNESS, COACH!

Personalized coaching that provides the best training, nutrition, and recovery guidance accessible anytime, anywhere, proven to improve our members' health.

HOW TO USE THIS GUIDE:

The following guide walks you through your first four weeks of onboarding at Anytime Fitness. You'll work closely with your leader/facilitator, or the person onboarding you, to learn the skills needed to be a high-performing coach. Each day outlines what you will learn and how you will learn it:

LEARN **ANYTIME ACADEMY** – your education hub filled with courses and resources.
ON-THE-JOB – your facilitator will train you in real time.

EXPERIENCE IT LIKE A MEMBER Experience the skill just like a member would! At AF, we work to understand what our members are going through by going through it ourselves. By experiencing an AF Training session, fitness consultation, and membership tour just like a member, you'll get a feel for the operations and build the empathy skills needed to be a great coach.

SHADOW AN EXPERT Observe your facilitator conduct the skill. Use the relevant Observation Feedback Form – found in the Resource Center – as you observe.

ROLE PLAY Time to put your skills into action with role play! Role play is essential to your growth and helps you practice the skills needed to be a great coach. Role play involves three people:

- **Observer** – individual watching and providing feedback
- **Member/Prospect** – individual playing the role of member/prospect
- **You** – individual conducting the skill

If you don't have three people, don't let that hold you back. Get creative and flex those role-playing muscles: it might mean you will role-play with one other person or maybe a friend! The goal is to get some reps in and build your skills.

GUIDED PRACTICE It's time to DO the thing. Take what you learned and put it into action. The guided practice involves you leading the session/consultation with a *real member* and your facilitator observing. The facilitator will assist as needed. Afterward, engage in a feedback discussion (found at the bottom of the relevant Observation Feedback Form).

DO IT ON YOUR OWN You're taking the lead this time, applying what you've learned with a real member/prospect.

AF COACH ONBOARDING GUIDES

WEEK 1: AF FOUNDATIONS

OBJECTIVES:

- Apply key learnings from the coursework to coaching, operations, and member engagement.
- Navigate and utilize key platforms, including the AF Dashboard, Anytime Academy, and AF SmartCoaching Ecosystem.
- Experience, shadow, and role play high-quality training, nutrition, and recovery services based on the club's offerings.
