

The following information outlines specific requirements that are needed prior to your installation. Please check off each of the line items listed below to ensure they are completed or will be completed prior to the security installation, and please provide an accurate date of completion for each item. If any items are not completed when the installer arrives, you will be at risk of having your installation delayed and additional charges will be incurred.

1. **Alarm User Permits:** Owner has inquired with local authorities regarding alarm operation permits. If required, permits have been obtained and registered.

☐ Completed

Completion Date: _____

☐ Work in Progress

Anticipated Completion Date: _____

2. **Emergency Knox-Box:** Have inquired with local authorities to verify if knox-box is required. If required, knox-box has been obtained or located.

☐ Completed

Completion Date: _____

☐ Work in Progress

Anticipated Completion Date: _____

3. **Internet Access:** Internet access such as Broad Band, DSL, or cable service has been ordered and will be active **prior** to our technician arriving onsite. Broadband speeds requirements & router requirements have been met. Club must have a static IP purchased or at minimum their internet service provided modem be set to "bridge mode." If neither of these requirements are met, Provision will need to have the username and password to gain visibility into modem to set up our managed switch properly. This needs to be accessible on the **first day of the job**, for the onsite Provision technician to utilize properly.

***Minimum download and upload speeds for Provision equipment: 25 Mbps down and 10 Mbps up**

- e. Door Lock Installed

General Contractor's Name & Phone Number: _____

Electrician's Name & Phone Number: _____

Internet Provider & Phone Number: _____

Telephone Provider & Phone Number: _____

Locksmith's Name & Phone Number: _____

When complete, please scan and email this form to your Project Manager. Upon receipt of the checklist, your installation dates will be confirmed. If the installer arrives for installation and the items on this checklist are not complete, you will be subject to a **return trip fee for a minimum of \$1000** for the installer to complete the installation.

The completed checklist with your signature must be received by the due date provided to you from your Project Manager in order to hold your installation date. Once the product has been delivered to the site, you will be responsible for all items. At that point, Provision will not be responsible for missing, damaged, or stolen items. Provision strongly advises that you do not open the security packages that arrive to ensure that the installer's inventory is accurate.

CUSTOMER COMPLETION CONFIRMATION

By signing this document, I agree that the line items outlined in this document are complete and understood to the best of my ability and that the requirements will be completed before the scheduled installation date.
