MEMBER TRANSFERS

REIMBURSEMENT PROGRAMS

Currently, reimbursement program members (non-PPV) are not automatically transferred in Healthy Contributions.

It is the members' responsibility to alert the club that they are eligible for a fitness reimbursement. As a best practice, many clubs ask their transferred-in members if they are eligible for a fitness benefit. Once the member transfers and the fitness benefit has been confirmed, the receiving facility will need to enroll them as a brand-new member in their Healthy Contributions portal.

If there is a delay in enrolling the transferred member into Healthy Contributions, their reimbursement may be interrupted.

If you have any trouble enrolling transferred members into the Healthy Contributions portal, please reach out to info@healthycontributions.com
