As your club prepares to implement the new AF App & enhanced Coaching Dashboard, use this checklist to ensure that you and your team are prepared!

☐

**ATTEND OR WATCH RECORDING OF THE WEBINAR
(TUESDAY, OCTOBER 11, 11:00 A.M. CST)**

☐

**EXPLORE THE AF APP & COACHING DASHBOARD DOCUMENTATION
IN THE RESOURCE CENTER ON THE DASHBOARD**

☐

HOST A TEAM MEETING USING THE AF APP TEAM MEETING GUIDE

☐

**UPDATE ALL STAFF MANAGEMENT PROFILES FOR MOBILE NUMBER, DATE OF
BIRTH, PHOTOS, BIOS, AND NEW PERMISSIONS - ADD COACHING DESIGNATION**

☐

**AUDIT CLUB OS AVAILABILITY FOR TRAINING SESSIONS + ADD FITNESS
CONSULTATION AVAILABILITY**

☐

**COMPLETE THE NEW COURSE: "CREATING PERSONALIZED EXPERIENCES"
COMPLETE THE UPDATED COURSE: "HOW TO CONDUCT A FITNESS
CONSULTATION"**

☐

PRINT IN-CLUB SIGNAGE

☐

**CLUB LAUNCH: HAVE ALL STAFF DOWNLOAD AND PREVIEW THE NEW APP AND
LOG INTO THE ENHANCED COACHING DASHBOARD**

☐

CLUB LAUNCH: COMPLETE THE AF APP & COACHING DASHBOARD PREVIEW GUIDE

☐

**MEMBER LAUNCH: INVITE NEW MEMBERS (VIA CLUB HUB) & EXISTING COACHING
CLIENTS (VIA COACHING DASHBOARD) TO DOWNLOAD THE NEW AF APP**

AF APP TEAM MEETING GUIDE

Use this team meeting guide to prepare your whole team successfully as you implement the new AF App & Coaching Dashboard.

Agenda	Time	Description
Welcome	5 min	Gather the team and make any club announcements
Ice Breaker & Introduction	10 min	As a group, consider some brands with a strong digital component to complement their in-person services or products. Explore what the benefits are to those brands having that solid digital presence. Next, review/share the Anytime Fitness Vision: Anytime Fitness will deliver personalized coaching that provides training, nutrition, and recovery guidance accessible anytime, anywhere, and proven to improve health outcomes over time. As a group, discuss how the new AF App will help you deliver on this vision.
AF App & Coaching Dashboard Overview	15 min	Explore the new AF App & Coaching Dashboard. Resources to review as a team: - AF App Initiative Page - Coaching Dashboard Resource Center Pages - Implementation Guide
Roles & Responsibilities	5 min	Spend some time outlining what implementing the AF App & Coaching Dashboard looks like in your specific team's structure. Examples: - Coaches should plan to access the Coaching Dashboard during every shift (recommended: 30 min at beginning of shift / 30 min at end of shift). Work this into future scheduling. - Managers should assign ALL new members to a coach and invite ALL new members to the AF App. These steps occurs initially in Club Hub upon new member onboarding.
Review Action Items		Set a plan and deadlines for each team member to complete the items in the Prep Tracker sheet. Review the items in the Implementation Guide for instructions for each task.
Closing	10 min	Wrap up and answer any outstanding questions

AF APP & COACHING DASHBOARD PREP TRACKER

Before implementing the new AF App & Coaching Dashboard, there are key items to prepare to ensure you are ready to implement these products into your daily club operations.

Many items need to be completed by each staff member. Sign and date your name on the chart below when you complete the following items.

[illegible]

STAFF MANAGEMENT UPDATES

Highlight your staff on the AF App by making a few adjustments and updates in Staff Management. While you're in there, update your mobile number and date of birth to streamline **your** AF App onboarding!

- Update Mobile Number
- Update Date of Birth
- Update Photo
- Update Bio
- Check 'Publicly Available'
- Check 'Designate as Coach' (if applicable)

FITNESS CONSULTATION AVAILABILITY

When members book a Fitness Consultation (FC) from the AF App, they are shown available FC time slots for all employees at their club who have specified availability for the FC and/or the “Any” event types within their Club OS availability.

How to Create Availability for FCs

1. Review the general information for how to set up availability in Club OS
2. Navigate to Calendar -> Availability
3. The availability event type should be "Fitness Consultation" or "Any", depending on whether the slot is open only for FCs, or whether you want the slot open for any event type to be booked.
4. Set the number of FC events you want to make available

AF STAFF's Availability (Every Week)

Save Hours
Show all hours

Sunday
☐ OFF
 Edit

1 0 0 0 0 0 1 1 1

Monday
☐ OFF
 Edit

1 0 0 0 0 0 1 1 1

Indicate the number of event slots available.

Select the Fitness Consultation or Any event type depending on whether the time slot is available only for FCs or any event type.

- Any
- Personal Training
- Small Group Training
- Group Training
- Class
- Appointment
- Fitness Consultation

How Availability works for members booking an FC through the AF App

1. Time slots set to "Fitness Consultation" or "Any" will appear as available, as long as the remaining event slots are open.
2. When setting availability for multiple events (e.g. 2 Fitness Consultations), the time slot will appear available until all slots become filled.
 - b. The exception: If a scheduled event is something other than a Fitness Consultation, the time slot will not appear as available even if there are technically slots remaining (i.e. a member cannot book an FC with an employee if the employee has a different event type coinciding).
 - c. Events set to "Cancel", "No Show", or "Rescheduled" will not take up an available time slot.
3. When a member books an FC from the app, an FC will appear on the employee's calendar for that member.

COACHES SHOULD PLAN TO SPEND AT LEAST 1 HOUR PER DAY IN THE COACHING DASHBOARD
(30 MIN AT START OF SHIFT / 30 MIN AT END OF SHIFT)

FITNESS CONSULTATIONS

Book Fitness Consultations in the following ways:

- AF App - selected by the member based on Club OS availability
- Club OS - manually entered by a club staff member

Immediately follow all Fitness Consultation bookings by assigning coaches to members in their Club Hub member profiles. Members' app data will flow to their assigned coach's Coaching Dashboard to check in and track progress. Remember, even Fitness Consultations booked through the AF App require a staff member to go into Club Hub and manually assign that coach.

Before the Fitness Consultation

The coach should:

- Review onboarding responses, members' health data points, and tasks/workouts completed.
- Send messages and/or tasks to members before their appointments to provide encouragement and support.

During the Fitness Consultation

Use the information gathered from the AF App onboarding (along with any Club OS notes and manager insights from membership onboarding) to guide members to a plan to fit their needs. Ensure members are allowing their data to be shared to best support them.

After the Fitness Consultation

Whether or not members purchase a training package, continue to engage and check in on them via the Coaching Dashboard. Maintain that relationship, and support, and guide them, so they know you are there for them.

NEED HELP?

**Visit the AF Resource Center and Search:
Assign or Remove a Coach or Client in Club Hub
& Fitness Consultation Overview**

INVITE EXISTING COACHING CLIENTS

You'll find your existing Coaching Dashboard contacts listed as you did previously, and you can send them a prompt to download the new AF app in addition to all future members.

Upon inviting a member, it will show you when you last sent the invitation, and you'll be able to send it again.

The screenshot displays the COACHING dashboard interface. On the left is a dark sidebar with three icons: a speech bubble for 'Chat', two people for 'Groups', and a dumbbell for 'Builder'. The main content area has a header with the 'COACHING' logo and a search bar labeled 'Search Clients'. Below the search bar, it says '2 Clients' and lists two entries: 'Deb Pias' with a profile picture and the text 'Completed Fuel your muscles e', and 'Dmitry Test' with a circular icon containing 'DT' and the text 'Has not installed the AF App'. To the right of the client list is a large panel for 'Dmitry Test', featuring a 'DT' icon, a video call icon, and a message: 'Dmitry has not installed the NEW AF App which is required for chat and programming'. Below this message is a purple button labeled 'Send an Invite'. In the foreground, an 'Invite To App' modal is open. It has a title bar with a close button, a message 'The invitation will include a link to download the app.', an 'EMAIL' label, and a text input field containing 'evmenov.d@gmail.com'. At the bottom of the modal are 'Cancel' and 'Send' buttons.
