

21-DAY TRANSFORMATION

Kickoff Meeting + FitCheck

Objectives

- Establish initial measurements for participants with the FitCheck
- Explain the components and process of the 21-Day Transformation
- Show participants the Anytime Fitness App and AF Workouts app

Before the Meeting

- Determine Biggest Transformation rules (e.g. most visits, most completed daily challenges, etc.) and prizes
- Make sure you have 1 coach to lead the meeting and 2+ staff to help participants and walk-ins
- Print a copy of the Kickoff Meeting agenda and a list of attendees for reference
- Print copies of the [FitCheck](#) for each participant
- Set up your workout space with enough room for two people per station plus equipment
- Make sure coaches/staff have the Anytime Fitness App and AF Workouts app downloaded on their devices
- Make sure coaches have the [Daily Coaching Content document](#) available on their devices

Agenda

Meet your Participants (10 minutes)

1. Greet your members at the door with ample high fives! Use your printed list of attendees to see who's there, and follow-up with anyone who doesn't attend.
2. Next, have coaches introduce themselves and give a brief overview of the agenda.
3. Make sure all participants have the Anytime Fitness App and AF Workouts app downloaded on their devices and are [connected to a coach](#).

Conduct the Initial FitCheck Workout (30 minutes)

NOTE: All exercises in the FitCheck are found throughout our programming. Participants will be introduced to movements today they may see in upcoming sessions. Encourage them to ask questions along the way.

1. Turn on an upbeat playlist to amp up participants' energy and motivation!
2. [Hand out the FitCheck](#) and a writing utensil to each participant to record their results during the workout. Print extras to accommodate walk-ins.
3. Huddle up! Have everyone introduce themselves with a positive icebreaker to create a happy mindset during the workout. Example: *What song is your workout anthem? What's your favorite summer activity?*
4. Walk participants through the workout plan:
 - a. Each participant will pair up and will have the same partner throughout the workout.
 - b. Partners take turns completing each exercise—one person completes as many repetitions as they can in 30 seconds while the other person counts reps. They will have 30 seconds to record the number of completed reps on their FitCheck before they switch places with their partner. Use the interval timer you use for group training sessions to ensure all participants are on the same pace.
 - c. After each pair completes an exercise, they'll move on to the next station.
 - d. After 8 stations have been completed, *all participants* will come to the middle to complete the 9th and final exercise together.
5. Demonstrate the movements. Show progressions and regressions for each exercise. Tell participants to note any modifications and the weight they used on their FitCheck so they perform each exercise exactly the same way during the finale meeting.
6. Help participants find a partner and direct them to their first station. If you have an odd number of participants, partner with someone to count their reps. Make sure each pair knows which station to start at, who's going first, and where to go after they've completed the first round of exercises.
7. Lead the dynamic warmup. Use the current AF Live Programming weekly template for your warm-up.
8. Have pairs move to their starting stations with their FitChecks and writing utensils, ready to begin the workout.
9. Cycle through stations 1 – 8 using your interval timer, set to 30-second intervals. During the workout, motivate and coach! Encourage them, using their names. Identify those who may be struggling and give them extra attention.

Station 1: Bodyweight Squats
Equipment: N/A

Station 2: Medicine Ball Slam
Equipment: Medicine Ball

Station 3: Alternating Step-Ups
Equipment: 12-inch box

Station 4: Push-Ups
Equipment: N/A
Make note of body position:
toes, knees, box

Station 5: Kettlebell Dead Lift
Equipment: Kettlebells (with
varying weights)

**Station 6: Overhead Dumbbell
Shoulder Press**
Equipment: Dumbbells with
varying weights)

Station 7: Lateral Box Run
Equipment: Low box
One rep count every time your
right foot comes up on the bench

Station 8: TRX Row
Equipment: TRX
Make note of feet placement: 45,
60, 90 degrees

Station 9: Plank
Equipment: N/A
Hold as long as possible and
record the time they drop

Have all participants come to the middle for the last exercise..... (talk through plank)

10. Lead participants through myofascial work using the current AF Live Programming weekly template.

11. Collect each participant's FitCheck and complete the remainder of the meeting.

Set Expectations + Share Tools (20 minutes)

After the FitCheck, regroup, welcome your participants again, and express excitement that they're there. Next:

Demonstrate the Anytime Fitness App messaging feature.

1. Introduce the Anytime Fitness App to everyone and have everyone open it up so you can test the messaging feature. Explain this is how you will communicate with them during the 21-Day Transformation.
Say the following to your participants:

Tap the message icon with your coach's name on the bottom of the home screen. Type "Hi, [coach's name]!" and then send.

2. After they've completed this task, respond to everyone with a mass message. The messages you've received from your participants are tagged as **New Message**. Select all participants and respond with the following message:

"Hi #FN"

By using **#FN**, your response will auto populate their first name into the message.

3. Next, let them know what to expect with messages. **Say the following to your participants:**

When explaining the overall plan –

Before you leave today, I will send you a welcome video along with your meal prep guide and recipe e-book, and a mobility workout. When you get home, watch the video and download your e-book. Every day (Monday through Friday), I will send you a message by [time] with a daily challenge video. Watch it and respond back to me once you've completed the daily challenge.

When explaining how to take photos –

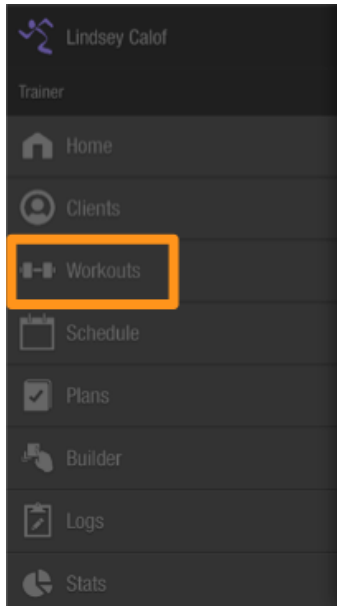

Sometimes your challenge will involve photos. Let's practice taking a photo in the app. Tap the camera icon and send it to me now.

4. Respond to everyone with a fun selfie via mass message.

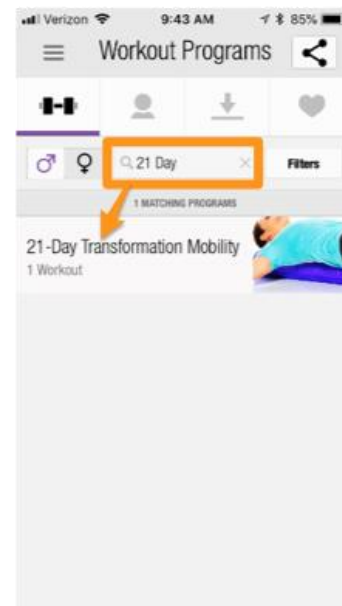

Provide supplemental items before participants leave.

1. Send your supplemental items to all participants using the Anytime Fitness App. DO NOT let anyone leave until they've received the following:
 - First welcome message video link (via messaging feature)
 - A link to the meal prep guide and recipe e-book: <https://www.anytimefitness.com/21-day-transformation> (via messaging feature)
 - Workout labeled *21-Day Transformation Mobility Workout* (share via AF Workouts app):

1. Go to **Workouts** in AF Workouts app

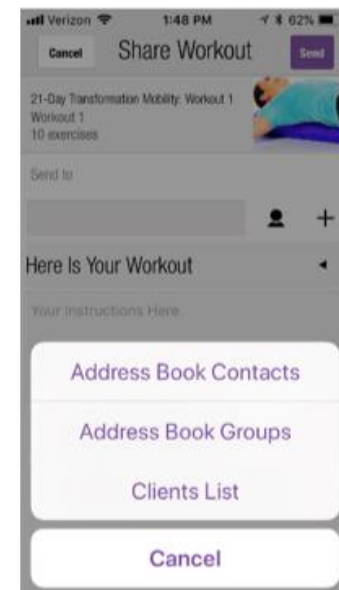

2. Search for *21-Day Transformation*

3. Select the workout and tap **Share**

4. Tap the person icon > **Clients List** > enter every participant > **Save** > **Send**

Schedule Group Training sessions and explain Biggest Transformation rules and prizes.

1. Make sure each participant has been scheduled for their ten group training sessions. **Say the following to your participants:**

You are challenged to complete ten group training sessions within the next 21 days. Make sure you have sessions scheduled before you leave today. Every time you complete a session, give yourself a sticker on the sticker board, located [location].

2. Next, tell them how you will determine a winner for the Biggest Transformation prize (e.g. most Group Training session visits, most completed daily challenges, etc.).

Wrap Up (5 minutes)

1. Summarize action items all participants should do:
 - Come to their scheduled sessions
 - Complete the daily challenges sent in the Anytime Fitness App
 - View meal prep guide and recipe e-book and decide if they want to use it and prepare meals
 - Try something new (e.g. new food or exercise) and talk to you about it
 - Do their best to learn new habits that will be used after the 21-Day Transformation
2. Remind participants of the finale meeting and to put the date in their calendar.
3. Explain training options if they choose to continue after the 21-Day Transformation. **Say the following to your participants:**

I want you to know our options for training if you choose to continue after the challenge. Our group training sessions are [\$XX] per session and come in packages of 4,8,12 or 16 per month. We know that any one of our programs can change your life, so think about this moving forward. If you decide to continue, [add incentive to join].

4. Give a final encouragement. Say something like “You can complete way more than you think you can in 21 days. We are so happy to have you as part of our Anytime Fitness family! Welcome! Let’s do this!” .
