

AF360 NUTRITION CHALLENGE

4-STEP SALES SCRIPT

OFFER: ADD-ON | Pitching existing training clients

USE CASE: Members already in a training package

STEP 1 | START WITH AUTHORITY

GOAL: Position the challenge as a coach-driven recommendation.

COACH:

"Mrs. Smith, based on the progress we've seen so far, I really think it's time we bring nutrition into the picture. You're doing great and I think you will see even more progress by dialing thing in, outside of the gym."

MRS. SMITH:

"Okay, what did you have in mind?"

COACH:

"We've got our 6-week AF360 Nutrition Challenge kicking off, and I think it would fit perfectly with where you're at and where you want to go."

STEP 2 | PLANT THE SEED

GOAL: Show how this complements her current training.

MRS. SMITH:

"How does it work?"

COACH:

"It's a short-term, high-support program that works with your training—3 check-ins with a nutrition coach, a personalized plan based on your body scan, and everything tracked in our app."
