Email: _____

INSTALLER INFORMATION:

Name: _____ Company: _____

Phone: _____

PLEASE INITIAL NEXT TO EACH ITEM IN ALL SECTIONS OF THE CHECKLIST. BY INITIALING THESE INDIVIDUAL ITEMS, YOU ACKNOWLEDGE THAT YOU HAVE BEEN TRAINED AND UNDERSTAND THE FUNCTIONALITY.

COMPUTER SYSTEM:

Installer	Customer	
		Designated the PC for ProVision (and access control system if there isn't an AccessPro).
		Demonstrated how to boot up the PC.
		Advised that a computer-boot of the system should take place twice a week for maintenance.
		Informed that MS Windows must be updated and maintained.
		Informed that the anti-virus software must be maintained through downloads and subscriptions.
		Provided backup CDs for the following: MS Windows Operating System, MS Office, APC Battery, Norton 360, and Logitech Web Cam.
		Informed that we provide 24-hour support for access control.

ACCESS CONTROL:

Installer	Customer	
		Explained the tailgate system & how to check for tailgates
		Demonstrated the procedure for entering the club.
		Demonstrated the procedure for tanning - with bed or tester.
		Showed where the connections are, for both front door and tanning, on back of the computer, or AccessPro, for both tanning and the front door.

FINAL WALKTHROUGH CHECKLIST

SECURITY SYSTEM:

Installer	Customer	
		Demonstrated Arm and Disarm Procedure.
		Explained the difference between burglary and panic zones & explained the monitoring station procedure for each zone.
		Monitoring Agreement completed and all zones verified through the Monitoring Station. API/COPS Operator #:
		There is an active corded courtesy phone on site and it is connected to a dedicated line for emergency (911) calls.
		Club should have a POTS/analog line for security panel. If a digital line is connected to the security panel, the customer acknowledges that they may need a cellular backup in the future if the digital line disrupts communication to/from the security panel to the monitoring station. (Additional costs will apply for cellular backup)

MONTHLY SECURITY TESTING:

THE MONTHLY TESTING OF THE SECURITY SYSTEM IS A REQUIREMENT FOR ALL SUBSCRIBERS OF PROVISION SECURITY SOLUTIONS AND AN ANYTIME FITNESS REQUIREMENT. THE OWNER OF THE FACILITY SHOULD HAVE A FRESH SUPPLY OF BATTERIES TO ACCOMMODATE ALL WIRELESS DEVICES SUCH AS PANIC BUTTONS, AND WIRELESS DOOR CONTACTS. (SEE ALARM MONITORING TESTING FOR PROCEDURE)

Installer	Customer	
		Customer has been provided a copy of their monitoring agreement.
		Explained mandatory Monthly Testing Procedure, received testing instruction sheet, and the customer understands that the security system must be tested every month.
		Demonstrated the monthly testing procedure.
		Acknowledgement that all wireless devices are battery operated and that the owner of the facility will maintain a fresh stock for every device. (Batteries can be ordered through ProVision Security)

CCTV:

Installer	Customer	
		Demonstrated the functions of the DVR.
		Demonstrated how to search for time and events with the DVR and software.
		Explained the DVR is configured for the network and connected to the router or gateway with cable. Customer understands that changing router settings may affect DVR function.
		Explained why a DVR is integrated into the system.
		Introduced manual/user guide and support phone number for manufacturer.

FINAL WALKTHROUGH CHECKLIST

SOUND SYSTEM/TELEVISION:

Installer	Customer	
		Introduced manual/user guide for amplifier and explained the following: - How to adjust volume, bass and treble on amplifier - How to attach to the auxiliary input on amplifier - How to choose between zones on amplifier
		Demonstrated how to adjust the angle of the TV. (Allen wrench will be left for customer)
