- ☐ Set Expectations for the FC ☐ PAR-Q (Health questionnaire found in Club OS)

COLLECTING THE STORY

1. Is there anything specific that you would like to learn during our time together today?

2. Tell me about your current health goals and how long you think it will take you to achieve them.

3. Tell me about your current goals around nutrition (meals/day, types of foods, etc.) and how we can help you with them.

4. What made you decide today was the day to start working towards these goals? What are some things in the past that have held you back from starting sooner?

5. On a scale of 1-10, (with 1 being not important and 10 being the most important) how important is reaching this goal to you? Why not lower?

6. Who do you have in your network to inspire you and hold you accountable?

7. Tell me about some habits that you think you will need help adjusting in order to reach your goals (fast food, Starbucks, alcohol, sleep, etc.).

8. What do you currently do for recovery either post workout or when you're stressed?

9. When do you plan on coming into the gym? How many days per week? What days? What time?

10. In the next year, when the going gets tough and you're having a hard time coming in, what can we say to get you back on track?

11. Rank the following in the order that you think you need them (1 being most and 3 being least important):

☐

Accountability

☐

Support

☐

Guidance

☐

Did they complete their Evolt Body Scan?

HIGH FIVE WARM-UP					
	Pain (Y/N) Y=0	Score		Lowest Score	Notes
		R	L		
Overhead Squat					
Split Squat					
Single-Leg Balance Reach					
Plank					
Bird Dog					
Sum					
Overall Score (Sum/5)					

Score the movements discreetly on a scale of 0 – 3. Use the scorecard to write down scores and notes.

0 = Pain indicated

1 = Movement is dysfunctional or cannot be completed

2 = Movement is functional with compensation

3 = Movement is functional without compensation
